## INTIMATIONS.

## THE DAILY PRESS.

Reading rooms.  
The periodicals which are received at the office of the *Daily Press* and *Overland Trade Report* in the shape of exchange, &c., are now being printed in a fair portion of the latest news-papers and other journals from various parts of the world, and come and go after ships from thence open to the mercantile and shipping community of this colony. The papers are filed and laid out in a large commodious room, the back files being kept with all punctuality regularity.

It is hoped and expected that the masters and consignees of ships will supply this reading room with any late paper which they may have to spare, in order that the same may be had on board the ship, and receive subscriptions at a much lower rate than formerly. The same care and attention will be paid to the forwarding of all the packages for which this establishment has gained such an enviable reputation throughout the Pacific Coast.
